State University System Students:

We are excited to welcome you to our campuses next month! To help us provide high-quality classes, student services, extracurricular activities, and athletic programs in a healthy environment, **we strongly recommend that all students get vaccinated for the COVID-19 virus before arriving on campus.**

Since the onset of the pandemic, our successes are a result of our campus communities accepting a shared responsibility for their health and well-being and practicing recommended precautions. Being vaccinated can protect your health and you are likely to avoid disruptions in your semester if you are exposed to COVID-19.

Thank you for doing your part to help our campus communities prepare for a healthy fall semester.

Syd Kitson
Chair, Florida Board of Governors

Marshall M. Criser III
